BOOT 2015 – The best and finest in Europe's boat industry are awarded the "Oscars of Water Sports" every year: this is the twelfth time the international "European Yacht of the Year" awards were presented, and the ninth time for the "European Powerboat of the Year" title. The jury comprises the test directors and editors-in-chief of Europe's nineteen leading yachting and powerboat magazines.

European Yacht of the Year 2015

More than 80 new sailing yachts reach the market in Europe every year. However, only five shipyards could look forward to winning the prestigious "European Yacht of the Year 2015" title. This is the first year that the jury has introduced the "Bluewater Cruisers" category for boats designed and equipped for open sea journeys lasting several months.

- Winner in the Family Cruiser category: Bavaria Cruiser 46
- Winner in the Performance Cruiser category: JPK 10,80
- Winner in the Luxury Cruiser category: Wauquiez Centurion 57
- Winner in the Bluewater Cruiser category: Boréal 52
- Winner in the Special Yachts category: Advanced 44

European Powerboat of the Year 2015

The expert jury consists of the testers from the eight leading European powerboat magazines from Norway, Italy, France, the Netherlands, Switzerland, Austria and Germany. The Powerboats are divided into five classes: up to 25 feet, up to 35 feet, up to 45 feet, over 45 feet and a trawler category with no length restrictions. Each year, more than 250 new powerboat models reach the market, but only five boats in each category were nominated.

- Winner in the category up to 25 feet: Bénéteau Flyer 6
- Winner in the category up to 35 feet: Draco 27RS
- Winner in the category up to 45 feet: Cranchi 43 Eco Trawler
- Winner in the category over 45 feet: Azimut 50 Fly
- Winner in the Trawler category: Steeljet Panorama Flatfloor 46

"We are especially proud of this Award, since it was assigned by an international and very competent jury", said Giovanna Vitelli, AzimutBenetti Owner, "We consider it as an acknowledgement of the great success the new Azimut 50 is gaining in the demanding European market, from the Mediterranean Countries to Northern Europe. It is a another proof of our Shipyard innovative attitude".
